PROFILE

Cameron Bernard is an associate with Foulston's healthcare practice group in the firm's Kansas City office. He works with healthcare providers on a variety of compliance and regulatory matters and handles litigation including government investigations, commercial and civil litigation, and appellate practice. He practices before both state and federal courts at the trial and appellate levels.

Cameron has substantial litigation experience, including obtaining favorable settlements, dismissals, and judgments on behalf of his clients. He develops a thorough understanding of their needs to effectively advocate for their position and provide informative insight. Cameron also provides governmental and healthcare organizations with legal consultations on a diverse range of issues.

Before joining Foulston, Cameron was a research attorney for the Kansas Court of Appeals and practiced at a reputable defense firm in Topeka. He was recently selected for inclusion in *Best Lawyers: Ones to Watch® in America* in the areas of Medical Malpractice and Personal Injury Litigation.
